- 4. Our Partner Types
- 5. Offering

At A Cloud For Everyone, we believe talent is everywhere, opportunity is not.

That's why we exist: to bridge the digital divide and unlock Africa's immense youth potential through meaningful skills development.

Across the continent, we work closely with universities, colleges, and community hubs to create pathways from learning to employment.

Through practical training, dedicated mentorship, and internship placements with our partners, we walk alongside every learner, transforming ambition into ability and education into opportunity.

We don't just teach digital skills. We want to empower futures. We want to create access. We want to change lives.

# Welcome & Introduction.

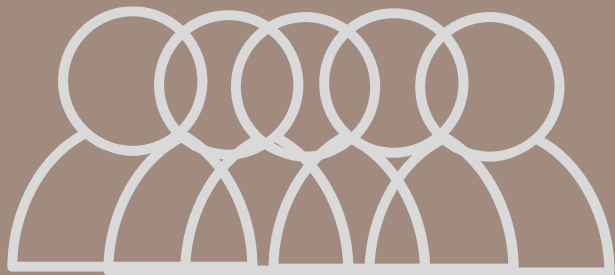

# Leverage Your Branded Career Centre

Take students from “job-seekers” to:

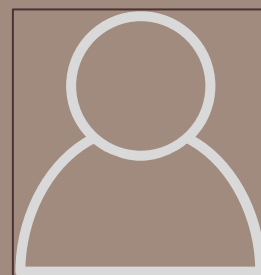

- Job-Ready
- Startup Founders

# Our Partner Profiles

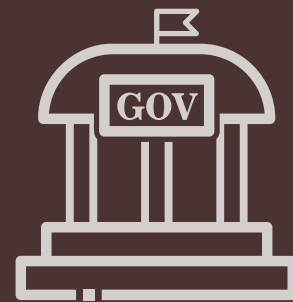

Schools

Universities

Private sector

Government  
NGO

African Tech Experts

Public Figures

Corporate Breakthrough  
Talent

A Cloud For Everyone unites secondary schools and universities nurturing learners, private-sector firms needing job-ready talent, and governments/NGOs scaling policy-backed training with funding and reach; we tap tech experts for hands-on mentorship while public figures amplify success stories. Together this ecosystem delivers an end-to-end cloud-skills pipeline from classroom to career, empowering Africa's youth and accelerating the continent's digital economy.

# The Opportunity

## WHAT WE WANT TO ACHIEVE WITH YOU: OBJECTIVE

01

Bolster digital skills competency by leveraging ACFE's platform.

02

Build cohorts of job-ready students by leveraging ACFE's industry mentorship program.

03

Opportunity to directly funnel job-ready learners into work placements through Partner entities.

## HOW WE WILL MEASURE SUCCESS: METRIC

01

Drive enrolment across min 50% of your student audience into an ACFE program per year.

02

Mandate 80% attendance to program to accelerate impact

03

We want to be integral part of your student career success. We aim for 100% work placements for full program attendees\*.
